# WHAT does it mean to host accessible conversations!

Planning" deciding the topic and structure

Inviting" making invitations to the community

Leading" also known as (facilitating)

Welcoming people, sharing agreements, and guiding the conversation

# WHAT does it look like to host conversations!

Conversations can be small, 't a couple people, or large events 't lots o( people)

It is 'ro'ect, (or many, it ' ill likely take time (orm o( small group conversations)

# WH+ addressing accessibility in the library requires community conversation

You don't know until you ask.

Without communicating with the community, you are making assumptions about what they need or could make the most use of

This could lead to wasted resources or (investment on a lesser priority)
