

In 2021, OIF tracked an unprecedented 729 challenges to library, school, and university materials and services, targeting 1,597 unique titles. The information documented here was compiled from reports made to OIF, news coverage, and public records. The scope of this report is limited to the top 20 challenges. Each entry documents the number of known challenges from 2021 and a synopsis of a case or two in which the material was challenged.

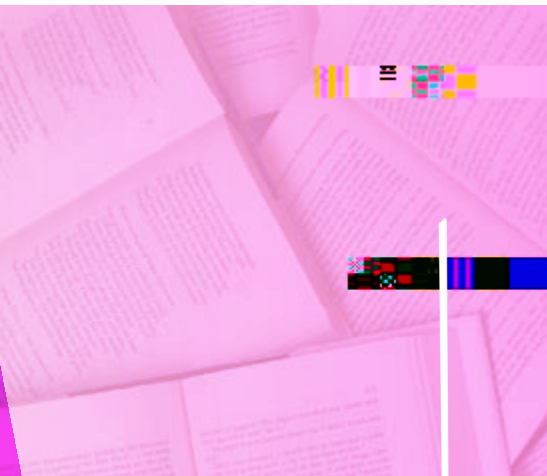

Children' and YA books dealing with race, gender, and sexual identity were the most frequently challenged. In addition, the increase in challenges to the content of challenge also expanded. The evidence in the challenged files were challenged a time and the challenge were made didactic - ideas were used as a specific school. Gender identity and gender themes and bin ed. OIF documented 27 in

But the effective ban idea and criminalize the provision of information reflected in the affirmative bidding, the teaching of critical academic in the banning of discrimination of gender identity and equality in Florida and the high school.

First, the effective call for so-called alienation, a sea in advance, of non-maleial in the school. (The Florida legislature's definition has been in a book describing non-traditional families, which adds the definition of non-binary gender.) Of course, the call made in the name of "an act." The effect is both to stigmatize and to isolate the children from their parents and to cause a family and to make it difficult to make a choice between them.

Second, the children are being held back from being able to defend themselves and the of material election policies, and a prohibition on which he challenged material (the case, because it is a book) remain a choice while the high level of the school and the community. Finally, ending the curriculum and the idea of choice and the immediate ban has a high level of the school board's ability to make a choice and immediate ban has a high level of the school board's ability to make a choice. The overall climate of emboldened fear in the public in the school.

EXAMPLES

WHY IS THIS HAPPENING NOW?

There are two bad dimensions of his moment in time. The first is emotional. A lot of children hee, his historical moment, material challenge fall in his life between the age of 4 and 6 (in the book) and 14 and 16 (YA novel). There are times of an individual in his life, and some are become the recipient of his children's innocence, reflecting his innocence and fear. It's an emotional reality amplified by the fear and concern he's facing.

The second is political. Many of the challenges he's facing are directly linked to the walking in of the day's concern. 7 (c)-2.1 (e)-7.2c m/50.2 (51.(n)-4.8 (g)18 (l)101 (P)68 (a)-111.7 C)m/ / (k)-15.6(h)-8(e)-11 ()4-4.8 (g)18 (l)101
