Hello Librarians! I would like to introduce you to LILA. LILA is an instructional design model that may be used to plan and assess Information Literacy competencies across grade levels and in college. The components of LILA include the Learner, Information Literacy, the Learning Process and Assessment. The circular shape of the model allows the instructor to revisit and adjust each part of the design process based on the results of implementing the instruction.

Learner

Information Literacy

Assessment

Learning Process

- Activities in which the students will be engaged
- Length of lesson time
- Modifications and accommodations for special needs and English Language Learners

™ _____ - Reflect on what worked and what could be improved. What did you learn from the experience? Include some specifics such as those listed below.

¾ Do you believe the learning hit the targeted cate Explain.

¾ Discuss the results of the lesson. Give examples of student statements or work.

¾ Discuss the activity with the supervising librarian. Summarize his/her comments.

¾ Do you believe that the instruction
