“GODORT’s mission is to inspire government information specialists to develop services and collections for government information.”

Three kinds of statements

A *mission* is what we do

A *value* is what is important to us

A *vision* is what we would like to do

(a) to provide a forum for the discussion of problems and concerns and for the exchange

Each of the Committee's and Taskforces were ask at Midwinter 2014 to begin exploring with their group where they would like to be in the next five years.

Most have used these documents as starting points:

[-Policy and Procedures Manual](#)

[-Bylaws](#)

Hopefully by midwinter 2015 we will have a corpus of ideas for each group.

- 
- Nothing can beat face-to-face!
  - Attending Midwinter & Annual is cost prohibitive
  - Creating a "Venue to discuss and inform" is not that difficult in a virtual world
  - "Action-oriented groups" are more difficult, but not impossible
  - It's essential to train and equip our members in conducting and participating in virtual meetings
  - By just creating and conducting virtual meetings will not necessarily mean people will participate or that our membership will grow [there is more involved]
