VII. New Business

If you are interested in becoming the new **IFLA Representative**, contact Jackie Druery or Marcy Allen.

NGOs: Jim Church mentioned that, while our focus on IGOs is critical, it is also critical that we spend time collecting NGO publications. People are seeking and using NGO documentation, and we need to provide the leadership in this area. There are thoughts of creating a new group to deal with NGOs, or perhaps a subgroup of the IDTF to focus on NGOs. Acquisition and preservation of the material is critical. There are some projects in existence that are possibilities: LOCSS, ArchiveIT, and the forthcoming NGO Search Engine.

David Griffiths moved that the IDTF form a working group whose charge is to explore the possibility of broadening the mission of the IDTF to include NGOs. This group will be called the Working Group on NGOs. The motion was seconded by Helen Sheehy, and the motion passed on a voice vote.

Items from the Floor:

Marcy mentioned that we should all take the membership survey.
